## WILL BE RATIFIED

Democrats, It Is Said, Will Not Act as Obstructionists.

## MR. HOWELL OF GEORGIA

Gives His Views on the Situation. Says After Ratification a Policy Will Be Declared as to the Philippines Similar to That in Regard to Cuba—Bryan's Advice.

New York, Dec. 22.—Clark Howell, member of the Democratic national committee from Georgia and editor of the Atlanta Constitution, after consulting with the leaders of both of the political parties at Washington, telegraphed as follows to his paper last night:

"With the adjournment of congress for the holidays the final decision on the peace treaty is as clear as it will be after a vote has been taken in the senate. Two weeks ago the matter was in doubt—today it is certain that the treaty will be ratified."

"Mr. Bryan has been in Washington for several days and has conferred frequently and freely with the Democratic leaders in both the senate and the house. He has advised ratification of the treaty and he is outspoken in the opinion that aside from the question of national obligation it is a matter of party policy for the Democrats to throw no obstacle in the way of ratification."

"There are leading Democrats of both the senate and house, who, less than a week ago, were in doubt as to whether or not Democrats should assist in ratifying the treaty; more than that, some of them were outspoken in the opinion that it was perhaps better to reject it. Today many of these Democratic leaders take open position that the treaty should be ratified and that it will be, no one who has studied the situation from the inside can have any reasonable doubt."

"It must not be understood that the ratification of the treaty will carry with it the assumption that all those who vote affirmatively are in favor of national expansion across the Pacific. Of the senators who will vote in favor of the treaty there will be Republicans, as well as Democrats, who are opposed in principle, as well as in theory, to the transoceanic expansion of our national domain. The view that the question of expansion, per se, is not involved in the consideration of the peace treaty and that after the treaty has been ratified and Spain has been eliminated as a factor in the Philippine problem, it will be time enough to consider the policy to be pursued in dealing with the Philippines, and just here will come the real contest on the question of expansion."

**Policy Will Be Declared.**  
Mr. Howell then says that after the treaty has been finally disposed of a resolution will be introduced making declaration of the proposed policy of this government in dealing with the Philippines, and that this resolution will be framed very much on the basis of the Cuban resolution adopted coincident with the declaration of war, which it was declared that the policy of this government would be to give the people of Cuba a free and independent government of their own."

Mr. Howell further says that "the vote on this proposed resolution will not be confined by any means to party lines and the outcome is in doubt. A large majority of the Democrats will vote in favor of it and a large majority of the Republicans will vote against it, but the size of either minority is sufficiently involved in doubt as to render exceedingly questionable the final action that will be taken on the resolution."

He says: "The Republicans as a body will favor the ratification of the peace treaty and will oppose any further action. They will hold that it will be better next week."

**The Escape.**  
When a man has a chance to escape from prison he doesn't stop to argue about it; he breaks out as quickly as ever he can. He knows that every moment's delay may lessen his chances of escape; but when a man is sick he too often postpones his opportunity of getting well and says: "O, perhaps I'll be better next week" or "next month."

The weeks and months go on and every day his chance of escaping from the disease grows smaller. The "Golden Medical Discovery" originated by Dr. R. V. Pierce, of Buffalo, N. Y., offers a certain means of rescue to every man and woman who is suffering from any form of weakness or disease due to imperfect nutrition. This marvelous "Discovery" creates good appetite, good digestion, good blood, good health. It gives solid flesh, muscular strength, steady nerves and keen wits. It helps you to think clearly and work successfully.

Mr. Frank A. Startz, of Fayetteville, Fayette Co., Texas, writes in a letter to Dr. R. V. Pierce, offering me pleasure to testify to the remarkable curative power of Dr. Pierce's Golden Medical Discovery. I was severely afflicted with trouble in my lungs—spitting up blood, and was so weak I was unable to continue my work. I tried several remedies which gave me no relief, and I had commenced to think there was no hope for me. Dr. Pierce's Golden Medical Discovery was recommended to me so I tried it and began to improve at once, and was soon able to resume work. I consider it a wonderful medicine."

Every man who wants to save doctor's bills should send 21 one-cent stamps, the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y., for a copy of his 100-page illustrated book, "Common Sense Medical Adviser," in paper covers; or 31 stamps for cloth-bound copy.

time enough to cross the Philippine bridge when they get to it, and in the meantime the islands should be held under strict military government and that if, in God's own time, it is demonstrated that the Filipinos are able to take care of themselves and desire to maintain a government of their own, it will be time enough for the United States to take up the question and act accordingly."

Mr. Howell's summary concludes as follows:

"As the result of the final encounter over the resolution it may be that the country will witness the spectacle of badly severed party lines and that out of it may be furnished the battle cries around which will be formed the lines of the next presidential fight."

## GENERAL MILES

Characterizes the Beef Furnished the Troops as "Embalmed Beef."

Washington, Dec. 22.—General Nelson A. Miles, commanding the United States army, was before the war investigating commission yesterday. General Miles responded to the summons of the committee only after several days' consideration. He was accompanied by his own stenographer. His examination was comparatively brief and not sensational. He spoke with some bitterness as to the "embalmed beef" and the canned beef furnished the army in the field. This he characterized as an experiment for which "some one in Washington was responsible." He said the landing facilities of the Santiago expedition were inadequate and that the men were short of rations and medicines, and might have been better protected from exposure to fever contagion.

## BLISS' SUCCESSOR

Ethan A. Hitchcock of Missouri Appointed Secretary of Interior. Washington, Dec. 22.—President McKinley yesterday sent to the senate the name of Ethan A. Hitchcock of Missouri, to be secretary of the interior to succeed Cornelius N. Bliss. The nomination was confirmed by the senate.

Ethan Allen Hitchcock, present ambassador to Russia, who was yesterday appointed by the president secretary of the interior, was until his acceptance of the Russian mission the head of the Pittsburgh Glass company in St. Louis. Mr. Hitchcock was born at Mobile, 63 years ago. He is a great grandson of Colonel Ethan Allen, the hero of Ticonderoga, a grandson of Samuel Hitchcock, who was prominent in the early history of Vermont, and a son of Henry Hitchcock, who was chief justice of the supreme court of Alabama.

Mr. Hitchcock came to St. Louis in 1861 and engaged in business here up to 1863, when, at the urgent request of relatives, he left for China as the representative of important business interests. Returning to St. Louis in 1874, Mr. Hitchcock was, up to the time of his appointment as minister to Russia, actively engaged in business in St. Louis as president of several large manufacturing and railway corporations, which positions he resigned to accept the portfolio tendered him by President McKinley. He and the president became close friends when Mr. McKinley was framing his tariff law. Mr. Hitchcock was at Washington frequently connected with the making of tariff schedules on glass, and naturally became intimate with the then chairman of the ways and means committee of the house, Fifty-Fifth Congress.

Washington, Dec. 22.—The absence of a quorum of the senate yesterday saved Senator Proctor's resolution, providing for the appointment of a committee of senators to investigate the conditions in Cuba and Porto Rico during the approaching long recess of congress, from decisive defeat. Only some routine business was transacted. In the house Mr. Bailey's resolution directing an investigation of the right of the members who volunteered in the Spanish-American war to seats in the house was adopted, and several bills of minor importance were passed.

**Secretary Long Ill.**  
Washington, Dec. 22.—The list of official invalids has been increased by Secretary Long, who is suffering from a cold contracted during his visit to the south. He has been confined to his apartments ever since his return to the city and has attended to all his official duties there. He probably will be all right again in a few days. Secretary Hay remained at home yesterday and is said to be improving.

## MAMMOTH COLISEUM

Chicago Will Erect One and Go After the National Conventions.

Chicago, Dec. 22.—A company, of which Alderman Charles F. Gunther is president, backed by \$300,000 capital, will erect a mammoth new coliseum on Wabash avenue, between Fourteenth and Sixteenth streets. Work will be begun as soon as the land can be cleared of the buildings now on it. The hall will be completed before next fall, and an active campaign for the national conventions of 1900 will be inaugurated.

The extreme inside height of the new building will be 86 feet. A seating capacity of 10,000 on the main floor and galleries will be provided, capable of extension to 15,000 or 18,000 for extraordinary occasions. The outside dimensions are to be 300 by 175 feet. One hundred and fifty thousand dollars will be expended in the construction.

## TEACHERS' RIGHTS

Cannot Expel a Pupil as Punishment for an Offense.

## MOONSHINERS

Three Revenue Officers Killed While Making a Raid.

Richmond, Va., Dec. 22.—A Big Stone Gap, Wise county, special reports a fight near Flat Top, Letcher county, Ky., between revenue officers and moonshiners in which Sam May of Coburn, Wise county, one of the revenue raiders and two of his companions were killed. The fatalities among the moonshiners are not known. The fight occurred at the place where Captain Gates of Louisville and one of his men were shot about a month ago.

Baltimore, Dec. 22.—Seventeen of the brewing companies of Baltimore have consolidated under the name of the Maryland Brewing company, and negotiations are pending for the absorption of the remaining four. The new company will issue \$3,350,000 of common stock, \$3,350,000 of 6 per cent preferred stock and \$7,500,000 in 6 per cent first mortgage gold bonds. ## CLASH ANTICIPATED.

Glass Factory at Frankton Becomes a Nonunion Concern.

Frankton, Ind., Dec. 22.—The Quick City glass factory, unionized six months ago, has again been nonunionized, and a serious clash is anticipated between the union flint glassworkers and the nonunion men. The latter were smuggled into the factory, until there are now 35 workmen housed, who are afraid to appear on the streets. So far there have been no overt acts of violence, the union men holding themselves in check and trying by persuasive means to bring about a change. The town sympathizes with their efforts, and the nonunionists are compelled to stay in the factory, as they cannot find shelter elsewhere.

## Engineer Suicides.

Fort Wayne, Dec. 22.—James G. Carman, a locomotive engineer out of work, committed suicide yesterday. He went to the rooms of a Republican club while no one was there, seated himself in the president's chair on the platform, and then blew out his brains. Despondency was the cause, resulting from the loss of employment and dissipation.

## Joel Gilbert Dead.

Dublin, Ind., Dec. 22.—Joel Gilbert, aged 70 years, died yesterday after a long illness. Mr. Gilbert served in the Eighty-fourth Indiana volunteers during the rebellion and was a member of the Quaker church and society. He leaves a widow. The funeral was held today at Hopewell, four miles northwest of here.

## IOWA DEMOCRATS

Conference at Which Their Views Are Defined.

Des Moines, Ia., Dec. 22.—About 50 of the leading members of the Silver Democratic party of Iowa held a conference in this city yesterday. An understanding was reached as to the issues upon which the party will reunite and which will doubtless be incorporated in the next state platform. Briefly summed up the declarations acceptable to a majority of those in conference, were as follows:

"The party is opposed to fusion with any other party."

"The party is unanimously in favor of bimetallism, but the question of ratio will not be given prominence. The Chicago platform may be indorsed, but there should be no repetition of the words '16 to 1.'"

"The greenbacks should not be retired. The placing of the national currency in the hands of private corporations or national banks is bitterly opposed."

"The formation of trusts is condemned."

"The policy of imperialism or of expansion and the annexation of Cuba and Porto Rico is unadvisable."

"The standing army must not be increased, as is contemplated in the Hull bill. The present army is sufficient for all the needs of the government."

## IN THE WORKHOUSE

London, Dec. 22.—The Marchioness of Donegal will eat her Christmas dinner in a London workhouse. Ill, miserably clad and apparently in acute destitution, she applied for admittance to the Great Northern hospital, from which place she was removed to the Islington workhouse infirmary. She explained that she was homeless and not willing to communicate with her wealthy friends, or with her husband, who is suffering with pneumonia.

The story of the life of the marchioness is painful. She left her husband in 1873 and in 1889 instituted separation proceedings with which counter charges of misconduct were made.

Unsavoury details of their conjugal life were also bandied about. The marchioness failed to obtain alimony and has since received assistance from her friends. She was last heard of in May of the present year, when she broke her leg in a hotel elevator and was taken to a hospital.

## BANKER DREYER

Supreme Court Reverses His Case. Now Doing Time.

Springfield, Ill., Dec. 22.—The supreme court has handed down a decision in the case of former Banker E. S. Dreyer of Chicago, reversing the decision of the lower court and remanding. Dreyer was sentenced to the penitentiary for embezzlement, the specific charge being that while acting as treasurer of the West Chicago park commission he failed to turn over to his successor \$310,000 of park funds. The court holds that the indictment under which Dreyer was tried was faulty; also that no legal demand was ever made on him for the funds by his successor in office.

## SOLDIER LYNCHED

He Had Unprovokedly Murdered a Prominent Alabamian.

Decatur, Ala., Dec. 22.—William Simms, a soldier, who unprovokedly murdered Robert Norton, a prominent citizen of Town Creek, six miles from here, while at a country dance, was dragged from the county jail yesterday by a mob of 500 men and lynched. He was hanged to a tree near the jail and his body was riddled with bullets. A brother of the murdered man led the mob.

## Wanted to Plead Guilty.

Springfield, Ill., Dec. 22.—Oscar Garrison walked and beat his way to this city from Jefferson county to appear before Judge Allen in the United States district court. He wanted to plead guilty to selling liquor without paying the special tax. Garrison was arrested some time ago and gave bond for his appearance. He was fined \$100 and costs, the fine to date from Nov. 1. He was then allowed to go before Commissioner Kidd and was released as a poor convict.

## Cumulative Evidence

A proof of merit in any article is the amount of free advertising it receives. The universal success of Pabst Malt Extract, The "Best" Tonic, is largely due to one person's telling another of the benefits derived from its use. It is sold in almost every city and town in the United States. Its purity and efficacy have given it the immense popularity it has attained. It is indorsed by thousands of physicians and patients. It makes strength. It gives vigor and health when every avenue of hope seems to be closed.

When you ask for Pabst Malt Extract, The "Best" Tonic, do not be led into buying something else. Many imitations have recently appeared. Remember that Pabst Malt Extract, The "Best" Tonic, was the only malt preparation declared perfect by the judges at the World's Fair, and alone marked with 100 points of perfection. The way to obtain the greatest amount of benefit for the least amount of money is to have your druggist deliver you a dozen bottles at a time.

## HE MADE A MISTAKE

Major Harrison Raised the Flag Over Fort Atares Too Soon.

## GENERAL JULIO SANGUILY

Threatens a Manufacturer With the Death Penalty Unless He Displays the Cuban and American Flags From His Factory—An Effigy of Weyler Ordered Taken Down.

Havana, Dec. 22.—It now appears that the raising of the stars and stripes over Fort Atares by Major Russell B. Harrison was a surprise to both the United States and Spanish military commissions.

The American commissioners had agreed that no American flags should be raised until Jan. 1. Major Harrison did not know this and, when told to occupy the fort with a detachment of the First North Carolina regiment, he promptly raised the flag. Nevertheless, though it flies in full sight of the harbor and city, the Spaniards have not complained and it has not been ordered down.

A Spanish paper manufacturer complained to General Lee last evening that Julio Sangui, the Cuban general, had called upon him and ordered him to display Cuban and American flags from his factory, on penalty of death for refusal. General Lee immediately had guards stationed at the factory.

Printed papers, insulting to the Spaniards and threatening to kill them after Jan. 1, continue to be circulated in various parts of the island. The Alcade of Santiago de Las Vegas has seized large quantities of such clandestine prints and burned them. The Cuban patriotic committees are planning for a 5-days' fast after Jan. 1, during which all business is to be suspended.

The United States hospital ship Missouri, which left Savannah Dec. 18, arrived here yesterday with 50 nurses and 350 members of the hospital corps.

The Spanish troops withdrew last night from the strip of Havana that lies west of Chaves creek, the American guards being immediately moved up. The sentries of both forces are now on the bridge, but amicable relations are maintained.

Major Harrison gave orders late last evening that an effigy of General Weyler that had caused a good deal of disturbance in that locality should be taken down, and thousands gathered to witness the carrying out of the order.

Major General William Ludlow, military governor of the city of Havana, arrived from the United States yesterday and has had a long conference with General Greene.

The United States and Spanish military commissioners will meet on Friday to arrange the details of the final taking over of the city on Jan. 1.

Several shots were fired from a cigar factory in Cerro at houses of Cubans near by. The proprietor, believing that they were fired by Spaniards, complained to Major Harrison, who announced that if the firing were repeated the factory would be closed.

## SURPRISE EXPRESSED

In Madrid That Sagasta Should Be Seeking an Alliance With Weyler.

Madrid, Dec. 22.—Much surprise is expressed that Senor Sagasta should be seeking a rather compromising alliance with the Weyler party. It is supposed that his idea is to compensate for the loss of some 30 senators and 60 deputies who seceded with Senor Gamazo, the leader of the dissenting Liberals.

General Weyler is coming here to confer with the premier, who is expected to accept also the advances of Senor Romero y Robledo and Senor Jose Canalejas. This political trimming may prolong the existence of the cabinet, but many influential Liberals absolutely decline to accept the suggested allies, while the Conservatives refuse to believe that the queen regent will consent to such a solution of the grave crisis.

A Rome dispatch says that in response to another appeal from the Queen Regent of Spain, the pope has confidentially written to Don Carlos asking him to stop the Carlist agitation.

Maryville, Mo., Dec. 22.—A suit against George S. E. Vaughan, who was pardoned by President Lincoln, while under sentence of death as a confederate spy, on the evening of the martyred president's assassination, has been brought in the circuit court of Nodaway by George H. Wheeler. The plaintiff alleges that Vaughan, who is now a helpless paralytic, contracted to have him (Wheeler) take care of him, and then violated the contract. He wants \$305.

The opposition of the state educational institutions to the proposed reorganization of the state board of education has aroused the suspicions of many citizens of the state. The are unable to understand why the presidents of these institutions are opposed to a law that would make this board more representative of the educational interests of Indiana.

STATISTICS show that expenditures in the several counties of the state are widely different. In one county the whole cost of county administration costs 31 cents per capita. In another it costs \$8.22 per capita. In another it is \$1.12 per capita, and another \$6.46 per capita. There are legitimate reasons why they should vary, but no good reason why there should be such a wide difference. The cost of caring for the poor differs very much in different counties. The same is true of criminal expenditure, stationary contracts, etc. These statistics show the need of more uniformity which can be brought about by legislation such as is anticipated by the next legislature.

## How to Find Out

Fill a bottle or common glass with your water and let it stand twenty four hours; a sediment or settlement indicates an unhealthy condition of the kidneys; if it is stains your linen it is evidence of kidney trouble; too frequently desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

Death of A. J. Miller.

Death has removed from the  
scene of action Andy J. Miller,  
of Vallonia, who passed away Thurs-  
day morning, December 22 1898, with  
Bright's disease and dropsy, in the 84th  
year of his age. Deceased was one of  
the best known citizens of the county.  
He was the oldest native born citizen  
in the county, having been born just  
east of Brownstown in the spring of  
1815. Mr. Miller was the father of  
Mrs. John Sampson, of Mitchell, and  
of William Miller, of the west, and of  
F. E. Miller of Vallonia. He was a de-  
voted member of the M. E. church, and  
for years had been confined to his home  
with the disease causing his death.  
He also leaves a wife.

Will Likely Go.

A number of slot machines have been  
placed in Seymour recently, but the in-  
dications are that their popularity will  
be short lived. Some of those who per-  
mitted the machines to be placed in  
their places of business are already  
tired of them and would be glad to  
have them ordered out. This we un-  
derstand will be attended to. There  
is a state law against the operation of  
such machines.

Panhandle Earnings.  
The earnings of the P., O., C. & St.  
L. show a condition that will give the  
minority stockholders no room for  
complaint. The increase in gross  
earnings is marked, while the decrease  
in net earnings is less than in either of  
several months past, and these de-  
creases are accounted for by increase  
in operating expenses, including ex-  
tensive improvements. In November  
the gross earnings were \$1,473,690.54,  
an increase over November, 1897, of  
\$89,396.33; the increase in operating  
expenses amounts to \$141,148.57, re-  
sulting in a decrease in net earnings  
of \$51,752.24. There is a profit increase  
over November, 1897, of \$37,653.41

### AN IOE STORY

Written for the REPUBLICAN.

Handsome Harry  
Haps to meet  
Modest Mabel  
On the street.

Streets enveloped  
In icy pallis;  
Mabel totters,  
Screams, and falls.

Gallant Harry  
Forward rushes;  
Picks up Mabel;  
Mabel blushes.

Quoth Harry: "Bruised  
Your arm, I see.  
Let's haste to  
Cox's Pharmacy".

He leads her off,  
All lame and sore,  
To find relief  
At 'Foreasid store.

Arnica lotion  
Her pains soon eased;  
And modest Mabel  
Looked mightily pleased.

But arnica alone  
Had not relieved,  
Which handsome Harry  
Quickly perceived.

On case and counter,  
Behold! An array  
Of fine perfumes—  
A Christmas display.

Each package a gem—  
The extracts all true  
Odors of flowers  
Distilled from the dew.

Wistfully on the sight  
Mabel's eyes lingered,  
While over his coin  
Harry busily fingered.

He selected two bottles;  
Schwenk wrapped them neat  
And the couple, all smiles,  
Departed down street.

And now 'tis reported—  
A remarkable thing—  
This happy young couple  
Will wed in the spring.

**THE DREADED CONSUMPTION**

F. A. Slocum, M. C., the Great Chemist and Scientist Will Send Free, to the Afflicted, Three B. B. Cures of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the offer of F. A. Slocum, M. C., of 183 Pearl St., New York City.

Confident that he has discovered an absolute cure for consumption and all pulmonary complaints, and to make its great merits known, he will send, free, three bottles of medicine, to any reader of the SEYMOUR REPUBLICAN who is suffering from chest, bronchial, throat and lung troubles or consumption.

Already this "new scientific" course of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure.

Offered freely, is enough to commend it, and more so is the perfect confidence of the great chemist making the proposition.

He has proved the dreaded consumption to be a curable disease beyond any doubt.

There will be no mistake in sending—the mistake will be in overlooking the generous invitation. He has on file in his American and European laboratories testimonials of experience from those cured, in all parts of the world.

Don't delay until it is too late. Address F. A. Slocum, M. C., 183 Pearl Street, New York, and when writing the Doctor, please give express and post office address, and mention reading this article in the SEYMOUR REPUBLICAN.

L. M. Worley and wife, of Orange county came here last evening to spend Christmas with her sister, Mrs. W. D. Osborne, and family.

Mrs. George Mitchell and Miss Maggie Mitchell, of Tunkentack, Pa., who have visited friends here went to Jennings county last evening.

**Deafness Cannot Be Cured**

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Terre Haute, Ind., Dec. 22.—Claude Herbert, an employee of the Havens & Geddes company, is now known to have perished in the big fire of Monday night. Herbert was acting as Santa Claus in the toy department of the store when the fire broke out and by heroic efforts succeeded in safely conducting the children who crowded the aisles and the department clerks to a place of safety.

He was a member of Company H, One Hundred and Fifty-ninth Indiana volunteers, during the late war, and the ex-soldiers are now engaged in searching the ruins for his body.

**WORKED THE HOTELS.**

Alleged Lecturer of the Colonial Dames Charged With Fraud.

Indianapolis, Dec. 22.—Crosby Clayton Tracy was arrested at English's hotel yesterday on a charge of obtaining money under false pretenses. She represented herself as the official lecturer of the Colonial Dames, receiving \$150 a week, and on the strength of this she received credit for her board and \$5. E. K. Orley, proprietor of the hotel, received a telegram from the Coates House, Kansas City, giving a description of the accused woman and saying that she owed about \$90 hotel bill there.

She is said to be wanted in Grand Rapids, Mich., for similar offenses, and was on trial in Chicago in 1892, it is said, under the name of Howe, for perpetrating a fraud. She is also said to have defrauded the Grand hotel, Cincinnati, of \$300, and it is alleged she worked the hotels at Omaha and Lincoln, Neb., under the name of Babbs. Miss Tracy is a fairly good looking woman, about 35 years old, dresses neatly and in good taste.

**SIX STICKS OF DYNAMITE**

Cementville, Ind., Dec. 22.—After John Green had been arrested for the murder of his wife John Gilman moved into the house. In looking around he found a copper wire sticking out of the ground, which he was unable to pull up. He reported the matter to Hayden Hall, and together they traced the wire to where it was attached to six 1½-inch dynamite sticks, buried underneath the house. It is alleged that Green now admits that he placed the dynamite under the house, for the purpose of blowing up his wife.

**THROUGH THE HEART.**

Mrs. Joe Meehook Shot In Her Home at Coville.

Coville, Ind., Dec. 22.—Mrs. Joe Meehook, wife of an Austrian miner of this place, was shot through the heart and killed yesterday, supposedly by her husband, who has disappeared. **Gas Company Fined \$1,500.**

Crawfordsville, Ind., Dec. 22.—The Natural and Illuminating Gas company was yesterday fined in the sum of \$1,500 by Mayor Elmore for failure to supply gas in sufficient quantities during the recent cold weather. The franchise provides that for every day the company fails to provide gas in sufficient quantities it shall forfeit \$50. During the last cold snap there was a shortage and suit was brought, with the above result. The case will be appealed.

**Wasn't Fred Knapp.**

New Albany, Ind., Dec. 22.—The remains of a man found dead near Chillicothe, O., are not those of Fred Knapp of this city, as was indicated by a card found in his pocket, showing that Knapp belonged to the One Hundred and Sixtieth Indiana. Knapp's mother received a telegram from him yesterday from Anderson. How his card came into possession of the dead man is unknown.

**Two Pointed Questions Answered.**

What is the use of making articles better than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know you make it?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgement on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, cold and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by C. W. Milhous.
